

Family Respite Care

If your loved one is not a resident of Sitrin and you are providing 24-hour care, we understand your need for personal time. Our Respite Care provides a short-term stay for your loved one so you can have time for yourself. A reservation is needed for respite care, and our social worker will be happy to assist you.

Community of Care

Sitrin's Long-Term Care houses are part of the same care community as our medical/rehabilitative care facilities. With highly trained nursing staff, we are able to provide patients with a broader range of services, thereby minimizing the need for hospital care. This "Care in Place" philosophy results in fewer transfers to other medical centers – that means less disruption of daily life and higher degree of comfort for our residents, as well as a greater peace of mind for their families.

Meet Our Staff & Take a Tour

We encourage you to come for a tour and to meet our caring, professional staff. You will feel welcome from the moment you step through the doors!
