

Adult Day Health Care Program

Sitrin's Adult Day Health Care Program includes social and recreational events, outings, and activities with support from a registered nurse, certified nurse assistants, and a recreational therapist, in a safe and comfortable setting.

For more than 40 years, Sitrin's program has serviced the community, helping participants meet new people, stay independent, and maintain healthier lifestyles. With a unique medical model, this daytime program provides opportunities and possibilities to adults aged 21 years and older of all abilities.

Sitrin's Adult Day Health Care Program

Medical Model

Our Adult Day Health Care Program medical model is available Monday through Friday and is customized to meet the physical or cognitive needs of an individual. This model is specifically designed for persons who may require supervision, monitoring, or hands-on care and are adults 21 years of age or older.

In addition to the Program's social and recreational activities, participants in the medical model will receive medication administration, specialized therapy sessions, and licensed nursing services.

Eligibility:

Participants require physician approval prior to enrollment, in order to individualize each person's needs. They must remain under the care of their primary physician throughout program enrollment.

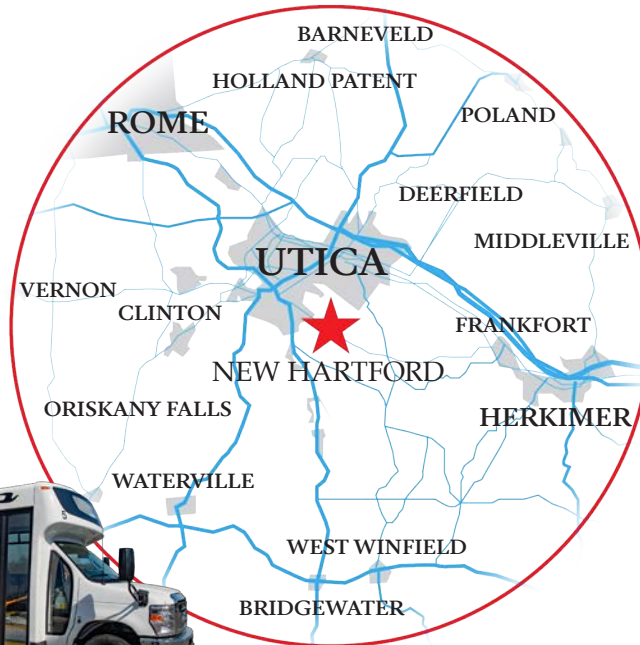

Door-To-Door Transportation

Let Sitrin do the driving! Sitrin staff ensure the safety of all Adult Day Health Care Program participants by picking up and bringing home individuals who choose to utilize this service.

Sitrin offers handicapped-accessible vehicles, if necessary, and assists individuals during the commute, as well as entering and exiting the vehicle.

Transportation is available for those residing within 15 miles including: Whitesboro, New York Mills, Clinton, New Hartford, Chadwicks, Utica, Marcy, Deerfield, Oriskany and Herkimer. Other area options may be available. Call for more information.
